Dear Community Partners,

Qualis Health is a Quality Improvement Organization (QIO) that provides a variety of utilization review and quality improvement activities for the District of Columbia Department of Health Care Finance (DC Medicaid). In 2018 Qualis Health and HealthInsight announced a formal merger, combining the two organizations and operations across the U.S. In a follow-up to the merger, the organization is now introducing a new name, Comagine Health.

For providers accessing Qualis Health's review services contacts and phone numbers will remain the same until further notice. For any client using Qualis Health web links for care management activities all current links will continue to link to the current content. See <http://www.qualishealth.org/healthcare-professionals/dc-medicaid>.

If you have questions about the name change please contact either:
